Discussion on Mountain Meadows Mall Internal Roads and Parking Lot Issues – City Attorney Kathleen Fogo and City Manager Ken Coleman. City Manager Coleman explained he has contacted and spoken with the three Mountain Meadows Mall property owners. There is a memo in Council's packets outlining the history and code provisions regarding this property. The pavement is not public infrastructure. The three private property owners seem to be willing to move forward to make the needed improvements, which they would like to have corrected before the upcoming tourist season. The Palisades Restaurant owners have the funds to do their portion which is their parking area and their half of the entry road. They want to combine the work with the other pavement to be reconstructed. License Agreement Application from High Alpine Brewing Company to Construct Deck Over City Sidewalk at 111 N. Main Street – Discussion Only. Building Official Eric Jansen came forward and addressed Council. Action on the License Agreement application is scheduled to take place at the Regular Session meeting on April 14, 2015. Building Official Jansen stated the applicants are wanting to construct a deck over the City sidewalk and it will be similar to the deck at the Boomerang on North Main Street. It will be more substantial than the existing awning structure. The deck will be utilized from the second story of the building and will extend 12 feet out from the building front. That will leave 3 feet to the curb. The Community Development Department staff supports the proposal and sees the deck as a vibrant public space addition to the downtown. The applicants must secure insurance and list the City as co-insured. City Attorney Fogo asked that the indemnity insurance in paragraph four be increased to the State-required levels. Mayor Pro Tem Ferguson asked City staff to look at the crown of Main Street and the potential for big RVs or vehicles to lean into the deck. City Manager Coleman stated the steep crown was removed in the last paving project but Staff will examine the slope conditions. Mayor Pro Tem Ferguson also expressed the possibility of day-time noise being a nuisance to other downtown businesses. This would be similar to the outside deck at the Eldo in Crested Butte. Mr. Brown stated they want the business to be a family-type atmosphere.
