

JOB ANNOUNCEMENT

LABORATORY/BACKFLOW TECHNICIAN

The City of Gunnison is seeking a qualified individual for the position of Laboratory/Backflow Technician. The Laboratory/Backflow Technician performs complex physical and biological laboratory testing procedures necessary to ensure adequate treatment of wastewater and water. The Technician completes detailed reports of activities and performs specialized water testing and backflow prevention for the general public.

The successful candidate must meet the following requirements:

- High school diploma or equivalent, with additional course work in biology, science, water treatment, or related fields sufficient to provide sufficient knowledge to perform laboratory testing.
- Two years of chemical and bacteriological laboratory experience preferred, or past experience as a treatment plant or water operator.
- College degree in chemistry, biology, science, or related field desirable.
- As a minimum, must have a state of Colorado Class "D" certification for Wastewater and Water or the ability to obtain in one year.
- Class II Water Distribution Technician certificate, or the ability to obtain within three years.
- Valid Colorado CDL "B" Driver's License, with air brake endorsement or the ability to obtain in one year.

The hiring range for this position is \$41,400-\$48,600 per year plus benefits, based on qualifications. Send application, cover letter, and resume to Tammy Shelafo, 201 W. Virginia Ave., P.O. Box 239, Gunnison, CO 81230 or email to tshelafo@GunnisonCO.gov The first review of applications is February 5, 2018. Position is open until filled.

Visit the City's website at www.GunnisonCO.gov for more information.
