Work Location \_\_\_\_\_

Description of work to be performed \_\_\_\_\_

**Conditions of Permit:**

- (A) A cash amount or a performance bond equal to the City Engineer's estimated cost of the excavation or repair, including disturbance of all adjacent property, shall be deposited with the Public Works Department prior to the issuance of a permit.
- (B) Proof of insurance in the amount of \$150,000/\$600,000 public liability shall be submitted and the City of Gunnison shall be named as the additionally insured party. The undersigned permittee hereby agrees to indemnify and hold the City of Gunnison, its agents and employees, harmless from any and all liability arising from the activities of the permittee only, covered by this permit, including court costs and reasonable attorney fees.
- (C) The permittee shall complete the work schedule on opposite side of this form, for projected start-up and completion of the project, with all phases of work included.
- (D) The permittee shall be fully responsible for notification of all adjacent property owners, affected parties including emergency services, and property owners who may experience potentially restricted access.
- (E) The permittee shall provide adequate barricades, lights, signals and other devices to safeguard the general public. Unsafe conditions caused by this permitted work may be corrected by the City and all costs of correction shall be billed to the permittee.
- (F) All work, including backfilling and replacing of asphalt and concrete or other existing surface, shall be done according to City of Gunnison Construction Standards and must be inspected by the City to ensure compliance. Failure to notify the City for inspection may require proof of compliance by a certified testing lab at permittee's expense.
- (G) The applicant shall contact Utility Notification Center of Colorado (UNCC) for utility locates prior to any permitted work being performed. Call 1-800-922-1987.

**I UNDERSTAND AND AGREE TO THE ABOVE REQUIREMENTS.**
