

Memorandum

To: City Council
From: Ben Cowan
Date: 6/6/2016
Re: Skate Park Repairs

Parks is requesting an additional appropriation to fund skate park repairs for \$1,142. The 2015 Parks budget was \$3,700 over budget and this year's budget also cannot accommodate the extra costs.

The recommended funding source is from Conservation Trust, with the estimated balance at \$19,595 at the end of 2016. These funds are restricted for capital improvements or maintenance of public recreation sites.

The invoice is attached and below are some pictures depicting the damage that was repaired.

Action Requested: Preliminary informal approval of a budget amendment \$1,142 for skate park repairs in 02-4150-9547 "Skate Park Improvements".
