Dear Ms. Mason,

I'd like to offer input on the speed limit reduction initiative. Having suffered daily speeding traffic on my residential street (South Boulevard) endangering immediate surroundings of our homes -- nearly each one with children -- I consider the citywide reduction *the most important public safety measure*, and I'm grateful the city council is finally taking on this initiative. Gunnison has other qualities to offer beside being the "fastest to cross" town holding the world-record street widths. Obviously, the speed limit reduction will be meaningless without the corresponding enforcement, and I hope the council will do their best to establish cohesive practices to make our town a safer place for its residents.

I greatly appreciate your forwarding my input to the decision makers involved in today's discussion of this topic.

Kind Regards,

Robert Hanacek
Gunnison, CO
