City of Gunnison

I support lowering the speed limits in the city limits. I would like to see them reduced to 20 mph in residential areas and 25 on Main. I know 25 mph is considered residential but most will then drive 30 so why not set them low.

Our family prefers to bike and walk and we often observe cars driving far too fast. I worry about kids riding around town. The Denver/Main light is specially bad for drivers running the red light. Let's be known as a bike /walk friendly town instead of one that has regular pedestrian accidents.

I also support lowering the speed limit on Tomichi - I know CDOT has control there but slowing traffic on 50 could bring more business in. When you race through, you don't see much.

Thank you,
Anne Ryter
