Cassie,

Could you pass my support of speed limits in town. Here are my main concerns.

Tomichi—OK I know CDOT controls this. But I would like any of you to let your kids try and cross at the new flashy light crosswalks alone. People would be more likely to stop with it reduced to 25mph. It is like this in other towns. Like Ridgeway.

Hwy coming into town from CB. People don't slow down here until the stop light. It is very difficult to cross anywhere from the old ski fence house to Denver.

All the other streets could use a reduction. Denver is a busy road that must be crossed by kids and others. People go very fast there.

All the side streets do not have good visibility on corners with trees. Many walkers and cyclists here. These should have lower limits as well. I don't think these streets are abused but it should be enforce.

End of rant. How are the Masons? Hope school goes OK!
